Please comment on progress made on Part I of the Learning Contract (learning objectives and learning activities.)

Ashley has demonstrated more confidence and insight in group dynamics. She has involved herself in more assessments and individual sessions.

Please comment on any areas identified above where the student did not meet professional performance standards.

(Handwritten mark)

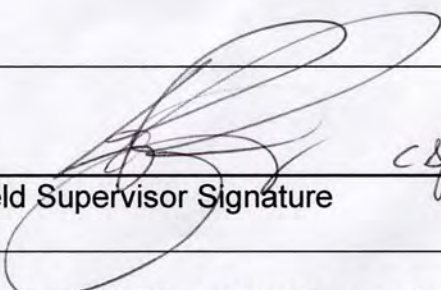

Please comment on any areas identified above where the student exceeded professional performance standards.

Ashley has good clinical instincts and observational skills. She has stepped out and found ways to connect w/ clients and staff.
